T .....	10/13.....	10 AM-12 PM.....	SOU K301
T .....	12/1.....	6-8 PM .....	SOU K301

### Important Program Information

Each of these items will be discussed in detail at the mandatory program meeting.

**Prior to registration students must:**

- attend a mandatory program meeting
- complete an application for admission
- successfully complete a WorkKeys ®Assessment/Test (\$45 fee). See page 6 for details.
- meet health screening & drug test requirements at their own expense

**Prior to clinical practice students must:**

- meet identified background/criminal checks
- purchase needed uniforms

Each student who successfully completes HLTH-8038 which includes 84 hours of lecture & lab practice, 12 hours of dementia training and 32 hours of clinical practice will receive a Macomb CCE certificate and be eligible to take the Michigan Nurse Aide Competency Evaluation Test, which is required to become a State of Michigan Certified Nurse Assistant.

### Nurse Assistant

### HLTH-8038

Gain the knowledge, skills and confidence necessary to assist patients, young and old who need your help with activities of daily living and other health related services. With your new skills, you will be able to work in healthcare facilities or private homes under the direction of a registered nurse. Join us for classroom lectures, hands-on laboratory practice and supervised clinical training in a long-term care facility. (22 or 32 sessions)
