Mission

To support learning by providing students and alumni with the tools necessary to bridge education and employment.

We accomplish our Mission by ensuring:

- Knowledgeable staff, resources and technology that will assist students in exploring their individual needs.
- Students will be able to navigate through the various types of resources that will help them identify their career and educational goals.
- Students will learn the skills necessary to become successful when seeking employment opportunities.
- Students will develop the confidence to pursue their career aspirations
