Meet your experienced instructors.

Robin Hicks, CMA (AAMA), CPC, AHI, an AHIMA Approved ICD-10 CM/PCS Trainer, has over 30 years of health care experience, working in a variety of health care settings. Robin has been a Certified Medical Assistant since 1987. Currently, she is an ICD-10 Coding Compliance Analyst for a large health care system. In academia, she has developed and taught courses for medical assistants, and medical billing and coding students for over 15 years in both career schools and community college settings. She is an enthusiastic advocate for health care and is in high demand as a speaker for health organizations.

Kristin Dunsmore, RHIA, CCS, is the Program Coordinator for the Health Information Technology program at Macomb Community College. She has held this position for three years now, but prior to her current role, taught ICD-9-CM as an adjunct faculty for 4 years. Kristin is an AHIMA approved ICD-10-CM/PCS trainer, completing her training in 2010. Kristin obtained her bachelor's degree in HIM from Ferris State University in 1984 and brings over 25 years of coding experience to her job.

This program has the prior approval of the American Academy of Professional Coders (AAPC) for continuing education hours. Granting of prior approval in no way constitutes endorsement by AAPC of the program content or the program sponsor.
