Complete all 4 subrequirements:

A: Note: (Complete)

Students who have declared both the Macomb ABA program and the Walsh College BBA program on their student record will be following transfer requirements developed by Walsh College and Macomb Community College. This will allow for necessary courses and credit hours to be applied to degree requirements at each institution. Important Information: - All program guide content is for informational purposes and is designed to be used as a tool to assist students with transfer information but should not be used for self-advising. - When pursuing a Macomb degree work closely with BOTH Macomb College and Walsh College academic advisors or counselors simultaneously each semester throughout the course of your program to ensure all degree requirements are being met. - Not all prerequisite courses are included on this guide. - Students may transfer a maximum of 82 credits with course grades no lower than a C with a minimum overall 2.00 GPA. - Transfer credit limits vary by each transfer college and major. This program guide may contain more than the maximum number of transfer credits Walsh College will accept. - Macomb Community College and Walsh College reserve the right to make any necessary changes to courses, provisions, or transfer requirements without notice. - It is the responsibility of the student to be aware of changes which will affect their transfer program. - Last updated February 2019.
