Career & Interest Assessments

Self-Assessment, the first step in the career planning process, facilitates awareness of interests, values, skills and personality. Reflection on and understanding of these characteristics can be helpful when making career decisions.

Focus 2

Reliable and valid research-based assessment. Your assessment results are matched to occupations and supporting majors at Macomb Community College. Explore careers matched with your interests.

My Next Move

Answer questions about the type of work you might enjoy. We'll suggest careers that match your interests and training.

Visit: <https://www.mynextmove.org/explore/ip>

Print out all results of this assessment, My Next Move does not allow you to save your history.

Referrals from Counseling and Academic Advising are required to take the assessments below. Schedule an appointment with a career counselor.

Myers-Briggs Assessment

Reports personality preferences in four areas: focusing attention, receiving information, making decisions and navigating environments. Results include a personality profile and list of careers people with similar preferences have found satisfying. In a follow-up appointment, your career counselor will go over your results with you.

Strong Interest Inventory

Assesses and categorizes your interests on several scales. In a follow-up appointment with a career counselor, you will receive a printout of the results. Your scores indicate how similar your interests are to professionals in various fields.

Upon completion of the above assessments, you will be scheduled for a follow-up appointment with Counseling and Academic Advising or schedule your own at <https://www.macomb.edu/student-resources/counseling-academic-advising.html>.

Career Research Tools

Discover the type of skills, tasks, wages and degrees associated with careers in your area of study. Stop by Career Services to research your career potential!
