

CONSTRUCTION

at Macomb Community College

CONSTRUCTION, BUILDER'S, AND HOME INSPECTION COURSES

Builder's Pre-License Training Segment 1

Segment 1 of the state-mandated Builder's Pre-License training will present business management, estimating, design and building science, contracts, risk management, marketing, and sales.

Builder's Pre-License Training Segment 2

Segment 2 of the state-mandated Builder's Pre-License training will present project management, scheduling, and current Michigan Residential and Construction Safety Standards along with management, marketing, and sales.

Home Inspection

Learn how to set up a home inspection business. Follow the home inspection process and discover how to identify common problems, tool requirements, how to market, and what you'll need to get started.

Builder's Continuing Competency

This class contains 3 value-packed hours of instruction for each topic: Law (the new law and what a builder needs to know to stay in compliance with the Licensing Department); Codes (learn the latest updates to the Michigan Residential Code); and Safety (learn about the newest fall protection requirements imposed by MIOSHA). If you hold a builder's license, this class is required in order for you to renew your Builder's or M & A Contractor's License.

> > >

Build it...install it...inspect it...repair it. These courses will teach you the skills to maintain your own home—or establish your own business. Take what you need, and learn all you can.
