GM ASEP is...

- A strategic alliance between GM, its dealers, AC Delco Service Centers and Macomb Community College.
- Two-year Associate Degree Program that combines advanced automotive technical training with a strong academic foundation in reading, electronics, and analytical skills.
- Program where students alternate between working at a service center and going to college in 8–12 week intervals.
- Earn while you learn: While at the dealership, students receive an hourly wage and are assigned to an experienced technician, who guides and supervises their training.
- Scholarships and tuition assistance are available.

Work with the Best!

- GM is the world's largest automotive manufacturer. The benefits of working with the best include access to the latest equipment, technology and automotive technical information.
- Your career path in a service center can be exciting and rewarding.
- Career enhancement opportunities exist for GM ASEP graduates to progress within the Dealer Organizations, as Service Shop Foreman, Parts Managers, and Fixed Operation Managers, just to name a few.

GM ASEP is...

Highly specialized technicians are in demand

“It has given me the opportunity to work and learn about the most up-to-date and most advanced vehicles today.”

- E.B., Florida

“GM ASEP is awesome—it changed my life!”

- M.C., Florida

“Great program for anyone who wants to learn about automobiles and teamwork.”

- J.C., Michigan
