Section 226b(2) Reporting – Macomb Community College

As with many industries across the state and the nation, education has been presented with significant challenges due to the COVID-19 pandemic. In higher education, we are tackling helping our students persist to completion in a virtual learning environment that requires technologies and equipment that both the college and the students did not currently have prior to this emergency. At the beginning of the pandemic, in a matter of 10 days the college moved over 1,600 on ground classes to online learning environments and provided laptops to students who were without. In those days of uncertainty, decisions were made in a timely fashion so that our students, staff and faculty were all aware of what could be expected in the next semester and the college's plans for the future. Macomb Community College remains steadfast in its' commitment to protecting the health and safety of all students, staff and faculty while also finding innovative ways for our current students and future students to be successful throughout the duration of the pandemic.

Below are the reporting requirements as prescribed in PA 165, Section 226b (2).

Reporting Measure	**Details**	**Website link (if applicable)**
List of any student fees assessed related to online learning, and the amount of those fees	Unless a class was originally scheduled to be taught in-person and was pivoted to online, students were assessed a $56 fee for an online or hybrid class.	
List of any student fees assessed related to COVID-19, and the amount of those fees	No fees were assessed related to COVID-19	None
Timeline of when decisions regarding the course types offered during the 2020-21 academic year were made, and whether there were changes to those decisions prior to the start of the academic year	Feb 28 - we continued the scheduled mix of in-person and online classes. President Sawyer sent a message to the campus community indicating our continued monitoring of the COVID-19 situation and advising them of the CDC guidelines for mitigating the spread of the virus. March 3 - advisory email to faculty encouraging flexibility in implementing attendance and assignment policies for in-person classes. March 11 - memo to faculty not using a Canvas shell in their in-person classes advising them to request one and begin building content in case the college has to move to completely online instruction. Also announced that faculty	

	can conduct their office hours remotely, by phone, email, online, or other virtual means. March 16 - made and announced the decision that all in-person classes will be suspended until Monday, March 23, when they will resume online. All online and the online portion of hybrid classes would continue. March 23 - made and announced the decision to offer all spring and summer term classes online. Cancelled any classes that could not be converted to online. April 21 - made and announced the decision that fall 2020 classes would be a mix of online, hybrid, and in-person classes only in health and public safety. April 29 - made and announced decision that hybrid classes could remain online for the entire fall semester at the discretion of the instructor. May 4 - began converting all in-person classes to online or hybrid in the schedule of classes for fall August 7 - amended which kinds of hybrid classes could return for in-person instruction: only those with labs and required hands-on learning. August 17 - fall semester begins Sept. 15 - announced the modalities of classes for winter 2021: online (asynchronous), remote (synchronous), hybrid, and in-person (limited to health and public service).	
An overview of COVID-19 mitigation strategies employed or that may be employed, if necessary.	Macomb Community College office of Health and Workplace Safety together with college leadership created a *Return to Campus Playbook*. This document	https://www.macomb.edu/return-to-classes/index.html

	includes all information related to college mitigations strategies and requirements for any activity on campus for the duration of the pandemic. These protocols were created in accordance with guidance from CDC, State and local health departments as well as MIOSHA rules and the Emergency Orders from the state.	
An overview of COVID-19 testing criteria and mitigation strategies employed for controlling an outbreak on campus.	Macomb Community College is not currently performing any testing onsite. The *Return to Campus Playbook* outlines the process for the COVID 19 self-assessment form needed to be on campus. All students, staff, faculty, contractors and visitors that come to campus are required to complete this form prior to arrival. Mitigation strategies for controlling an outbreak on campus can be found in the *Return to Campus Playbook* as well.	https://www.macomb.edu/return-to-classes/index.html
