## INDEPENDENT AUDITORS' REPORT

September 26, 2019

Board of Trustees  
Macomb Community College  
Warren, Michigan

### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of *Macomb Community College* (the "College"), as of and for the years ended June 30, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Independent Auditors' Responsibility*

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Macomb Community College Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## *Opinions*

In our opinion, based on our audits, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of *Macomb Community College* as of June 30, 2019 and 2018, and the results of their operations and cash flows, where applicable, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

## *Implementation of GASB Statement No. 75*

As described in Notes 1 and 4, the College implemented the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, in fiscal 2018*. Accordingly, beginning net position of business-type activities as of July 1, 2017 was restated. Our opinion is not modified with respect to this matter.

## *Other Matters*

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the schedules for the pension and OPEB, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The supplementary combining statements identified in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued, under separate cover, our report dated September 26, 2019, on our consideration of *Macomb Community College's* internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

## Management's Discussion and Analysis - Unaudited

The discussion and analysis of Macomb Community College's (the College) financial statements provides an overview of the College's financial position at June 30, 2019, 2018 and 2017 and its activities for the three years ended June 30, 2019. This discussion has been prepared by management and should be read in conjunction with the financial statements and the notes thereto, which follow this section. The financial statements, footnotes and this discussion are the responsibility of management and are prepared in accordance with Governmental Accounting Standards Board (GASB) pronouncements.

### *Using the Financial Report*

This financial report includes the report of independent auditors, management's discussion and analysis, the basic financial statements, which consist of the statement of net position, the statement of revenues, expenses and changes in net position, the statement of cash flows and notes to the financial statements. Following the basic financial statements and footnotes are four supplemental schedules: the GASB 68 and GASB 75 required supplementary information, the combining statement of net position and the combining statement of revenues, expenses and changes in net position as of and for the year ended June 30, 2019.

For the year ended June 30, 2018, the College implemented Governmental Accounting Standards Board Statement No. 75, Accounting for Postemployment Benefits Other than Pension (GASB 75). This new standard for the first time requires the College to record its proportionate share of the other postemployment liability of the Michigan Public School Employees Retirement System (MPERS), the defined benefit plan which the majority of the employees of the College participate. The new standard has had a significant impact on the liabilities and net position of the College as discussed below. In addition, Note 4 to the financial statements includes a number of new items related to the implementation of this standard, and two new schedules are included with the required supplementary information following the footnotes.

The College's financial statements include all assets and liabilities using the accrual basis of accounting. All revenues and expenses are recorded as incurred regardless of when cash is received or paid. Revenues and expenses are separated into categories of operating and nonoperating.

Under the provision of GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, the Macomb Community College Foundation (the Foundation) has been determined to be a component unit. Accordingly, the Foundation is discretely presented in the College's financial statements. Refer to Note 1 and Note 10 of the financial statements for information regarding the Foundation.

### *Financial Highlights*

The financial statements report information on the College as a whole. These statements report the College's financial position as of June 30, 2019 and 2018 and changes in net position for the two years ended June 30, 2019. The College's financial position remained strong at June 30, 2019 and 2018, with assets of \$403.0 million and \$390.7 million, respectively and liabilities of \$283.5 million and \$269.2 million, respectively. The College recorded additional net pension liability of \$26.8 million to reflect its share of the unfunded Michigan Public School Employees' Retirement System (MPERS) long-term net pension and a decrease of \$8.1 million net Other Postemployment Benefits (OPEB) liability, as required by GASB No. 75. The change in net position was impacted by the change in market value of investments, as well as the reported net OPEB liability. In 2019, the College had \$9.6 million in net realized and unrealized gains, compared to a net realized and unrealized losses of \$5.2 million in 2018. For the fiscal year ended June 30, 2019, the College's revenues exceeded expenses and other support, thereby increasing the net position of the College by \$10.9 million as compared to \$3.5 million decrease in the previous year.

# MACOMB COMMUNITY COLLEGE

## Management's Discussion and Analysis - Unaudited

The Pension and OPEB Liability Fund reported a deficit of \$225.2 million in the unrestricted net position as of June 30, 2019, which is partially offset by the unrestricted net position of the College's General Fund and Plant Fund, in the amount of \$217.9 million resulting in an overall unrestricted deficit of \$7.3 million at June 30, 2019.

#### *Operating Revenues*

Operating revenues include all transactions that result in sales and / or receipts from goods and services, such as tuition and fees and ticket sales revenue from the Macomb Center for Performing Arts. In addition, certain federal, state, and private grants are considered operating if they are not for capital purposes and are considered a contract for services. Operating revenues consisted of the following during the years ended June 30:

	2019	2018	2017
Operating revenues			
Tuition and fees	\$ 43,615,299	\$ 44,593,742	\$ 45,215,543

## Management's Discussion and Analysis - Unaudited

The following is a graphic illustration of operating revenues for fiscal year 2019:

For the three years ended June 30, 2019, there was a 3.5 percent decline in net tuition and fee revenue of \$1.6 million. This revenue decrease is due to a combination of a 0.51 percent increase in tuition rates, a 6.75 percent decline in credit hours and a 1.7 percent increase in the amount of tuition and fees paid with financial aid during the three-year period.

In September 2013, the College received an award of \$24.9 million from the Department of Labor to lead a consortium of eight Michigan community colleges to leverage growth opportunities in advanced manufacturing for the creation and expansion of innovative partnerships between community colleges and businesses and to educate and train workers for in-demand jobs. The College's associated grant revenue of \$9.6 million was received over the period of four years through September 30, 2017.

The College also received an award of \$4.0 million from the Department of Labor for the American Apprenticeship Initiative on October 1, 2015. This initiative is intended to provide a catalyst in supporting a uniquely American apprenticeship system that meets our country's particular economic, industry and workforce needs. The College's revenue will be received over the five-year grant period that ends September 30, 2020.

Revenue at the Center for Performing Arts had a decrease of \$200,300 or 10.27 percent during the three years ended June 30, 2019. The Performing Arts Center continues to be a popular venue for entertainment within the county, despite decreased ticket sales.

### Operating Expenses

Operating expenses are the costs necessary for the College to provide services and conduct the programs necessary to carry out the College's mission. Operating expenses consisted of the following for the three years ended June 30:

	2019	2018	2017
<b>Operating expenses</b>			
Instruction	\$ 53,802,323	\$ 54,689,516	\$ 54,471,479
Information technology	8,610,266	8,543,832	8,263,189
Public service	3,779,422	3,715,328	4,009,056
Instructional support	19,850,612	19,738,491	20,351,970
Student services	25,135,960	26,382,476	26,984,139
Institutional administration	13,976,971	15,454,666	14,250,472
Operation and maintenance of plant	15,350,381	15,210,758	15,557,161
Depreciation	<u>18,752,606</u>	<u>17,134,218</u>	<u>15,223,619</u>
<b>Total operating expenses</b>	<u>\$ 159,258,541</u>	<u>\$ 160,869,286</u>	<u>\$ 159,111,085</u>

Included in expenses are amounts funded through state appropriations to pay the College's portion of the MPSERS Unfunded Actuarial Accrued Liability (UAAL). Funds received from the State and paid to the Office of Retirement Services were \$8.8 million, \$8.8 million and \$7.6 million for the years ended June 30, 2019, 2018 and 2017, respectively.

The following is a graphic illustration of operating expenses for the year ended June 30, 2019:

# MACOMB COMMUNITY COLLEGE

## Management's Discussion and Analysis - Unaudited

The primary operating expenses of the College are salaries, payroll taxes and related fringe benefits. The College incurred approximately \$106.7 million, \$104.6 million, and \$106.0 million of payroll-related expenses during the three years ended June 30, 2019. This represents 66.9 percent, 66.2 percent and 66.6 percent of the College's operating expenses during those years, respectively.

Wage expenses have decreased \$173,000 or 0.25 percent during the three years ended June 30, 2019 primarily due to vacant positions.

Benefit expenses have increased \$900,000 or 2.4 percent during the three years ended June 30, 2019 due primarily to pension expense, including adjustments to the College's UAAL. The College received \$1.2 million increase in state appropriations for UAAL received over the same period, the purpose of the UAAL state appropriation is to assist in funding the MPSERS unfunded pension liability. The UAAL state appropriations received were \$8.8 million, \$8.8 million, and \$7.6 for the year ended June 30, 2019, 2018 and 2017, respectively.

### *Nonoperating Revenues*

The College receives substantial nonoperating support from state appropriations, property tax revenue and Federal Pell grants thus operating expenses normally exceed operating revenues resulting in an operating loss. Nonoperating revenues and expenses are an integral component in funding annual operations.

Nonoperating revenues represent revenue sources that are primarily non-exchange in nature in which the College receives value without directly giving equal value in return. They consist primarily of state appropriations, property tax revenue and Federal Pell grants.

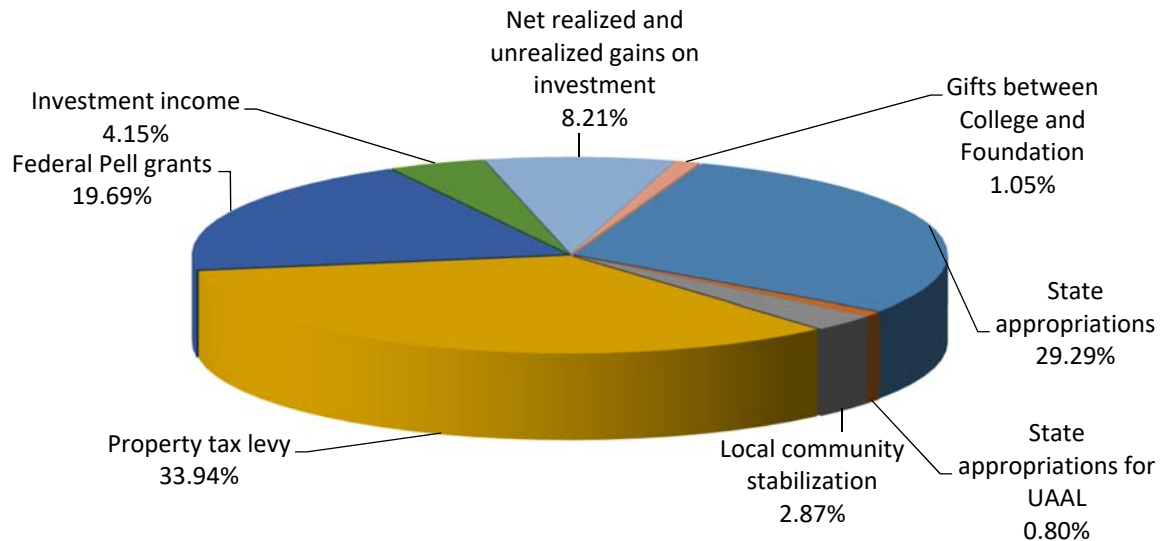

Nonoperating revenues (expenses) were comprised of the following for the three years ended June 30:

	2019	2018	2017
<b>Nonoperating revenue (expenses)</b>			
State appropriations	\$ 34,124,000	\$ 33,863,600	\$ 33,860,702
State appropriations for UAAL	934,980	1,939,694	2,048,692
Local community stabilization	3,346,153	3,397,661	3,059,502
Property tax levy	39,537,058	36,444,050	35,960,888
Federal Pell grants	22,937,420	24,672,349	24,302,742
Investment income	4,835,961	4,821,813	4,577,262
Net realized and unrealized gain (loss)

# MACOMB COMMUNITY COLLEGE

## Management's Discussion and Analysis - Unaudited

The following is a graphic illustration of nonoperating revenues for the year ended June 30, 2019:

Due to stabilizing economic conditions within the State, there was an increase of \$263,300 or 0.78 percent in state appropriations during the three years ended June 30, 2019. In addition, Public Act 300 of 2012 instituted a 20.96 percent cap on the employer's share of the UAAL for reported MPERS wages. This resulted in a state appropriation for UAAL of \$8.8 million, \$8.8 million and \$7.6 million in 2019, 2018 and 2017, respectively, as well as MPERS related cash outlay and expenses of equal amounts.

Property tax values increased by 7.2 percent over the three-year period due to changes in housing market values and new construction, resulting in a \$3.6 million increase in property tax revenue. The combined operating and technology millage rate was 1.4174, 1.4072, 1.4640 for the years 2017, 2018 and 2019, respectively. At the May 8, 2018 election, the College's operating levy was renewed and restored to \$1.464 of tax per \$1000 of taxable property for 20 years or through 2038. In addition, legislation was enacted in 2012 that provides personal property tax exemption for small taxpayers and eligible manufacturing personal property impacted property taxes. The 2012 legislation also created the Local Community Stabilization Authority (Authority) to provide for the reimbursement of the lost personal property tax revenue through share of a 6% use tax levied by the Authority.

Improving economic conditions and related job markets in southeastern Michigan as well as a declining number of high school graduates in the county contributed to a 7.2 percent enrollment decline and a 12.7 percent decline in the number of financial aid students over the three-year period. As a result, Federal Pell grants decreased by \$1.4 million or 5.62 percent during the three-year period.

Stable interest rates resulted in an increase in investment income of \$259,000 over the three years ended June 30, 2019. The weighted average interest rates on cash and investments for the years 2019, 2018, and 2017 were 2.39, 2.33, and 2.33 percent, respectively.

The market value for government agency bonds increased in 2019 as a result of market conditions and decreased interest rates. The net realized and unrealized gain on investments was \$9.6 million, and the net realized and unrealized loss was \$5.2 million and 6.5 million in 2018 and 2017 respectively. The College portfolio is heavily weighted in government instrumentalities and municipal bonds that fluctuate

in value with rising and declining interest rates. As the College intends to hold the instrumentalities and bonds to maturity or call, the market value fluctuations do not indicate true or realized gains or losses.

### Other Revenues

Other revenues consist of items that are typically nonrecurring, extraordinary, or unusual to the College.

The College received a \$2.8 million award from the State in March 2015 for skilled trades equipment, of which \$2.4 million and \$400,000 was expended in 2016 and 2017, respectively.

In 2016, the College recorded \$3.8 million of state capital outlay revenue for the renovation of south campus C building. This \$8.5 million renovation project is funded by the State and College equally sharing the costs at \$4.25 million each. The project is complete and the remaining funds of \$208,000 were provided by the State during the year ended June 30, 2017.

### Statement of Cash Flows

The primary purpose of this statement is to provide relevant information about the cash receipts and cash payments of an entity during a period. The statement of cash flows also helps assess:

- An entity's ability to generate net cash flows from operations
- Its ability to meet its obligations as they come due, and
- Its needs for external financing

Following is a comparative analysis of the cash flows of the College for the three years ended June 30:

	2019	2018	2017
<b>Cash (used in) provided by</b>			
Operating activities	\$ (86,735,735)	\$ (79,551,239)	\$ (86,788,741)

Net cash and equivalents used in operating activities totaled \$86.7 million in 2019. This was financed by \$101.8 million of net cash flows from noncapital financing activities such as property taxes, Federal Pell grants and state appropriations. Net cash used in capital and related financing activities totaled \$24.4 million during 2019, which is primarily the result of capital expenditures. Net cash provided by investing activities totaled approximately \$15.3 million. The net result of all cash flows is an increase in cash and equivalents of \$6.0 million in 2019.

Net cash and equivalents used in operating activities totaled \$79.6 million in 2018. This was financed by \$101.5 million of net cash flows from noncapital financing activities such as property taxes, Federal Pell grants and state appropriations. Net cash used in capital and related financing activities totaled \$23.2 million during 2018, which is primarily the result of capital expenditures. Net cash used in investing

activities totaled approximately \$5.0 million. The net result of all cash flows is an increase in cash and equivalents of \$3.8 million in 2018.

Net cash and equivalents used in operating activities totaled \$86.7 million in 2017. This was financed by \$100.4 million of net cash flows from noncapital financing activities such as property taxes, Federal Pell grants and state appropriations. Net cash used in capital and related financing activities totaled \$14.1 million during 2017, which is primarily the result of capital expenditures. Net cash provided by investing activities totaled approximately \$1.8 million. The net result of all cash flows is a decrease in cash and equivalents of \$2.2 million in 2017.

### Capital Assets

The College had \$164.1 million, \$158.3 million and \$152.4 million invested in capital assets, net of accumulated depreciation of \$252.6 million, \$235.1 million and \$221.1 million at June 30, 2019, 2018 and 2017, respectively. Depreciation charges totaled \$18.8 million, \$17.1 million and \$15.2 million respectively, for the years then ended.

### Economic Factors that will Effect the Future

The economic position of the College is closely tied to that of Macomb County and the State of Michigan. While there has been recent economic improvement in employment and housing markets, the economic future continues to remain uncertain. State appropriations for community colleges continue to lag inflation and decline as a percentage of all funding sources. In fiscal year 2002, state appropriations were 27 percent of the College revenues and in 2019 they were 25 percent of College revenues. State

### Management's Discussion and Analysis - Unaudited

appropriations increased by 0.8 percent for the fiscal year ending 2019. State appropriation revenue levels will continue to remain uncertain for future years as the State of Michigan continues to address balancing the state budget, including funding higher education from the school aid fund, as well as the unfunded pension and OPEB liabilities and state infrastructure.

Macomb County taxable value and the resulting property tax revenue increased by 2.9 percent in 2018-19. These values are expected to increase 5.0 percent in 2019-20 due to an improvement in housing values, as well as new construction offset by the loss of taxable value due to personal property tax reform legislated by the State. Home sales and new construction have improved particularly in the northern areas of the county, indicating that property tax declines associated with prior years are reversing. At approximately 29 percent of total general fund revenue, property tax revenue has been a very important source of revenue to the College over the years, especially in light of uncertain state appropriations, which have also lagged inflation since 2002. This has and will continue to have a significant impact on College resources for the next few years; even when economic conditions improve, property tax values due to State statute cannot increase at a rate greater than inflation. At the May 8, 2018 election, the College's operating levy was renewed and restored to \$1.464 of tax per \$1,000 of taxable property for 20 years or through 2038. In 2019, the College's operating levy was subject to a millage reduction fraction of .0108, reducing the levy to 1.4532.

Due to lagging state appropriations, tuition and fee rates were increased by 2.0% for the 2019-20 academic year. Student affordability is important to the College and, as such, tuition rates continue to remain below the average rate charged by Michigan community colleges and are less than one quarter of the university tuition rates in southeastern Michigan. In addition, the College began offering students optional interest-free tuition and fee payment plans to assist with helping students pay for college.

Payroll and related expenses represent approximately 66.9 percent of the total operating expenditures reported on the June 30, 2019 statement of revenues, expenses and changes in net position. As signed into law on June 13, 2013, the Education Omnibus Budget (PA 60 of 2013) provides state appropriated funding to community colleges for fiscal years 2017, 2018 and 2019. This act results in state funding for the Unfunded Actuarial Accrued MPSERS liability in excess of the 20.96 percent cap and resulted in receipts of \$7.6 million, \$8.8 million and \$8.8 million for fiscal year 2017, 2018 and 2019 respectively with corresponding payments of equal amounts in each year.

Public Act 328 (PA 328) was signed into law on July 2, 2018. While PA 328 clarifies the reporting of student workers for MPSERS prospectively, it also required community colleges to provide a report of all student workers for the past four years to the Office of Retirement Services (ORS). Due to inconsistencies in the reporting of students based on the interpretation of the definition of a full-time student, the ORS required community colleges to make contribution payments for student workers that were not previously reported to MPSERS. The outcome resulted in the College paying contributions of \$562,000 to the ORS, including interest.

The College is committed to expanding educational and enrichment opportunities for our students and the community as well as the College's strategy to apply for grants to fund certain initiatives. The table below outlines a future, multi-year major construction and renovation program as approved by the College Board of Trustees, which support this commitment and is to be financed by designated College funds.

A capital outlay appropriation of \$14.8 million has been approved by the State to cost share in the renovation of the Skilled Trades and Advanced Technology Center at South Campus. Construction phase of this project is currently pending the State budget approval, which could impact the renovation schedule noted above.

South campus K building houses conference services, food service/student cafeteria and the campus bookstore. It is anticipated that revenue from these areas will decline during the renovation of the building in calendar year 2020.

## Notes to Financial Statements

### 1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

#### *Reporting Entity*

*Macomb Community College* (the College) is a Michigan community college whose financial statements have been prepared in accordance with generally accepted accounting principles applicable to public colleges and universities outlined in Governmental Accounting Standards Board (GASB) Statement No. 35 and the *Manual for Uniform Financial Reporting - Michigan Public Community Colleges, 2001 (MUFR)*.

The College reports as a Business Type Activity, as defined by GASB Statement No. 35. Business Type Activities are those that are financed in whole or in part by fees charged to external parties for goods or services. The College's functional expense classifications are in accordance with the guidance in the MUFR.

The accompanying financial statements have been prepared in accordance with criteria established by GASB for determining the various governmental organizations to be included in the reporting entity. These criteria include significant operational or financial relationships with the College. Based on these criteria, the College has determined that the Macomb Community College Foundation (the Foundation) meets the criteria of a component unit.

The Foundation is a separate legal entity established as a 501(c)(3) corporation to accept, collect, hold and invest donations made for the promotion of educational and cultural activities at and on behalf of the College. The Foundation is discretely presented in the financial statements of the College. Separate audited financial statements of the Foundation are available by contacting the Macomb Community College Foundation at 14500 East 12 Mile Road, Warren, MI 48088-3896.

#### *Significant Accounting Policies*

Significant accounting policies followed by Macomb Community College are described below.

#### *Basis of Accounting Macomb Community College*

The financial statements have been prepared using an economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses are recorded when an obligation has been incurred.

#### *Basis of Accounting Component Unit*

The Foundation reports under the provisions of Accounting Standards Codification Topic 958, *Not-For-Profit Entities*. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition and presentation features. With the exception of necessary presentation adjustments, no modifications have been made to the Foundation's financial information in the College's financial report for these differences.

## Notes to Financial Statements

### *Use of Estimates*

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. Significant estimates include but are not limited to the accounts receivable allowance, net pension liability, net OPEB liability, and deferred outflows and inflows related to pension and OPEB amounts.

### *Cash and Cash Equivalents*

Cash and cash equivalents consist of deposit accounts and highly liquid investments with an initial maturity of three months or less.

### *Investments*

The College investments must conform to State statutes governing investment of public funds and are limited to allowable investments as stated in the statute. College investments held at June 30, 2019 and June 30, 2018 were in Certificates of Deposit, Commercial Paper, Governmental Instrumentalities or Michigan Municipal Bonds. Realized and unrealized gains and losses are reflected in the Statement of Revenues, Expenses and Changes in Net Position. Investments are classified as short-term or long-term based on the instruments maturity date. The Foundation maintains mutual fund investment accounts for its nonexpendable and expendable endowments. Realized and unrealized gains and losses from securities in the investment accounts are allocated annually.

The College carries its investments at fair value, which is determined generally by using quoted market prices. Realized and unrealized gains and losses from securities in the investment accounts are allocated monthly based on the relationship of the estimated market value of each account to the total market value of the investment accounts, as adjusted for additions to or deductions from those accounts.

### *Fair Value Measurements*

Fair value refers to the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants in the market in which the reporting entity transacts for such sales or transfers based on the assumptions market participants would use when pricing an asset or liability. Assumptions are developed based on prioritizing information within a fair value hierarchy that give the highest priority to quoted prices in active markets (level 1) and the lowest priority to unobservable data (level 3).

A description of each category in the fair value hierarchy is as follows:

- Level 1: Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2: Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that

# MACOMB COMMUNITY COLLEGE

## Notes to Financial Statements

are not active, and model-based valuation techniques for which all-significant assumptions are observable in the market.

Level 3: Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect the estimates of assumptions that market participants would use in pricing the asset or liability.

For a further discussion of Fair Value Measurements, refer to Note 2 to the financial statements.

### *Accounts Receivable*

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debt expense when necessary and an adjustment to an allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the allowance and a credit to accounts receivable.

### *Inventories*

Inventories are stated at the lower of cost or market using the first-in, first-out method.

### *Prepaid Expenses and Other Assets*

Expenses, such as insurance premiums, that are expected to be of benefit within the next fiscal year are included in prepaid expenses.

### *Capital Assets*

Capital assets are recorded at the estimated fair market value as of the date of acquisition. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Depreciation is provided for capital assets on a straight-line basis over the estimated useful life of the asset as follows:

Land improvements	10 years
Buildings and improvements	10 - 40 years
Furniture, fixtures and equipment	3 - 10 years
Infrastructure	10 - 20 years
Library materials	10 years

### *Unearned Revenue*

Revenue received prior to year-end that relates to the next fiscal period is recorded as unearned revenue. Unearned tuition and fee revenue at June 30, 2019 includes \$2,539,776, for the 2019 summer semester, which began on May 13, 2019 and ended on August 3, 2019. Unearned revenue at June 30, 2018 included \$2,701,005 for the 2018 summer semester, which began on May 21, 2018 and ended on August 11, 2018.

## Notes to Financial Statements

### *Gifts and Pledges*

Gifts are recorded at estimated fair value when received and pledges are recorded at their net present value when it is determined that the gift is probable of collection.

### *Accrued Vacation*

Accrued vacation and paid time off (PTO) represents the accumulated liability to be paid under the College's current vacation and PTO pay policy. Under the College's policy, employees earn vacation or PTO time based on their contract and time of service with the College.

### *Deferred Outflows of Resources*

In addition to assets, the statements of financial position report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until that time. The College's outflows of resources relate to the net pension and net OPEB liabilities. Additional disclosure is found in Note 4.

### *Deferred Inflows of Resources*

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The College's inflows of resources relate to certain pension and OPEB related amounts, such as the difference between projected and actual earnings of the pension plan's investment and the pension portion of section 147c state aid revenue received subsequent to the measurement date. More detailed information can be found in Note 4.

### *Pensions*

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Michigan Public School Employees' Retirement System (MPERS) and additions to/deductions from MPERS fiduciary net position have been determined on the same basis as they are reported by MPERS. MPERS uses the economic resources measurement focus and the full accrual basis of accounting. Contribution revenue is recorded as contributions are due, pursuant to legal requirements. Benefit payments (including refunds of employee contributions) are recognized as expense when due and payable in accordance with the benefit terms. Related plan investments are reported at fair value.

### *Other PostEmployment Benefits (OPEB)*

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Plan and additions to/deductions from the plan fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## Notes to Financial Statements

### *Changes in Accounting Pronouncement*

As of July 1, 2017, the College adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*. This statement requires that the College recognize a net Other Postemployment Benefits (OPEB) liability in the statement of net position, equal to the College's proportionate share of the net OPEB liability of the Michigan Public School Employees Retirement System (MPERS), as defined and calculated in accordance with the new standard. More detailed information can be found in Note 4. As a result of this change, the College recognized a net OPEB liability of \$66,555,612, and deferred outflows of resources of \$4,596,163 which resulted in a decrease in net position of \$61,959,449 as of July 1, 2017.

### *Net Position*

GASB Statement No. 34 establishes standards for external financial reporting of public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following net position categories.

#### *Net Investment in Capital Assets*

Net investment in capital assets represents capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.

#### *Restricted Net Position*

Restricted net position represents amounts over which third parties have imposed restrictions that cannot be changed by the College. The restricted balance consists primarily of funds restricted for endowments, scholarships, grants, and other purposes.

#### *Unrestricted Net Position*

The College's unrestricted net position (deficit) is as follows at June 30:

	2019	2018
Pension and OPEB (deficit)	\$ (225,230,266)	\$ (220,452,007)
Other unrestricted	<u>217,911,337</u>	<u>207,605,224</u>
Total	<u>\$ (7,318,929)</u>	<u>\$ (12,846,783)</u>

### *Revenue and Expenses*

All transactions that result in sales and / or receipts from goods and services, such as tuition and fees and ticket sales from the Center for Performing Arts are classified as operating revenue. All revenue sources that are primarily non-exchange in nature in which the College received value without directly giving equal value in return are classified as nonoperating revenue.

## Notes to Financial Statements

Property tax revenue is recognized in the year for which taxes have been levied. Property taxes are levied on July 1 and December 1 based on taxable values as of the preceding December 31. The taxes, which are collected and remitted to the College by townships and cities within the College district boundaries, are collected through February 28. Uncollected real property taxes of the College are turned over to Macomb County for subsequent collection. The College is subsequently paid 100 percent of delinquent real property taxes, net of chargebacks, through the County's tax revolving funds.

Property tax revenue levied for general operating/technology purposes was \$39,537,058 and \$36,444,050 based on \$1.464 and \$1.4072 of tax per \$1,000 of taxable property value in the College's taxing district for the years ended June 30, 2019 and 2018, respectively. At the May 8, 2018 election, the College's operating levy was renewed and restored to \$1.464 of tax per \$1,000 of taxable property for 20 years or through 2038.

State appropriations revenue has been recorded in accordance with the MUFRR.

Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. All expenses not meeting this definition are reported as nonoperating expenses. For financial reporting purposes, restricted resources are deemed to be utilized first when both restricted and unrestricted resources are available to satisfy an expense.

### *Subsequent Events*

In preparing the financial statements, the College's management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to June 30, 2019, the most recent statement of financial position presented herein, through September 26, 2019, the date these financial statements were available to be issued. No significant such events or transactions were identified.

## 2. CASH AND INVESTMENTS

### *Cash and Bank Deposits*

Investment policies for cash and bank deposits as set forth by the Board of Trustees are in accordance with Michigan State law and authorize the College to invest in demand accounts, negotiable certificates of deposit, saving accounts, or other interest-earning deposit accounts of banks that are members of the Federal Deposit Insurance Corporation (FDIC) or National Credit Union Administration (NCUA). An estimated \$1,250,000 and \$1,249,000 of cash and deposits were covered by FDIC and an estimated \$27,995,000 and \$20,019,000 of cash and deposits were not covered by FDIC insurance at June 30, 2019 and 2018, respectively. The standard maximum deposit covered by FDIC is \$250,000 per financial institution.

### *Investments*

Investment policies as set forth by the Board of Trustees also authorize the College to invest in bonds, bills or notes of the United States or of an agency or instrumentality of the United States or obligations of the state of Michigan or any of its political subdivisions and rated prime by at least one of the standard rating agencies. Funds may also be invested in commercial paper that is supported by an irrevocable letter of credit issued by a bank that is a member of the FDIC and commercial paper of corporations located in Michigan. Reports are submitted to the Board of Trustees monthly to ensure compliance with the prescribed policy.

### Fair Value Measurements

The following is a description of the valuation methodology used for assets recorded at fair value. The description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at June 30, 2019 and 2018.

*Certificates of deposit and commercial paper:* Valued at face value plus accrued interest earned and classified as Level 1.

*Government instrumentalities and municipal bonds:* Level 1 fair value measurement is based upon the closing price reported in the active market in which the individual securities are traded.

The College has investments with the following recurring fair value measurements as of June 30, 2019 and 2018:

2019	Total	Level 1	Level 2	Level 3
Government instrumentality bonds	\$ 166,811,102	\$ 166,811,102	\$ -	\$ -
Michigan municipal bonds	26,015,172	26,015,172	-	-
Certificates of deposit	3,593,046	3,593,046	-	-
Commercial paper	<u>989,330</u>	<u>989,330</u>	-	-
Total investments at fair value	<u>\$ 197,408,650</u>	<u>\$ 197,408,650</u>	<u>\$ -</u>	<u>\$ -</u>
2018	Total	Level 1	Level 2	Level 3
Government instrumentality bonds	\$ 166,550,507	\$ 166,550,507	\$ -	\$ -
Michigan municipal bonds	30,204,353	30,204,353	-	-
Certificates of deposit	<u>1,559,603</u>	<u>1,559,603</u>	-	-
Total investments at fair value	<u>\$ 198,314,463</u>	<u>\$ 198,314,463</u>	<u>\$ -</u>	<u>\$ -</u>

### Credit Risk

Investments in Government instrumentality bonds consist of Federal Home Loan Bank, Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, Federal Farm Credit Bureau and Government National Mortgage Association and are rated AA+ by Standard & Poor's, Aaa by Moody's and AAA by Fitch. The College also has investments in Michigan Municipal Bonds that are rated at or above Aa by Moody's and AA by Standard & Poor's.

## Notes to Financial Statements

### *Interest Rate Risk*

The College's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

As of June 30, 2019, and 2018, the College investments mature as follows:

2019	Less Than One Year	1 - 5 Years	More Than 5 Years	Balance at June 30, 2019
Certificates of deposit	\$ 1,584,689	\$ 2,008,357	\$ -	\$ 3,593,046
Commercial paper	989,330	-	-	989,330
Government instrumentality bonds	1,495,308	22,963,313	142,352,481	166,811,102
Michigan municipal bonds	<u>2,007,227</u>	<u>19,251,271</u>	<u>4,756,674</u>	<u>26,015,172</u>
Total investments	<u>\$ 6,076,554</u>	<u>\$ 44,222,941</u>	<u>\$ 147,109,155</u>	<u>\$ 197,408,650</u>
2018	Less Than One Year	1 - 5 Years	More Than 5 Years	Balance at June 30, 2018
Certificates of deposit	\$ 1,559,603	\$ -	\$ -	\$ 1,559,603
Government instrumentality bonds	-	17,121,275	149,429,232	166,550,507
Michigan municipal bonds	<u>1,254,530</u>	<u>21,442,997</u>	<u>7,506,826</u>	<u>30,204,353</u>
Total investments	<u>\$ 2,814,133</u>	<u>\$ 38,564,272</u>	<u>\$ 156,936,058</u>	<u>\$ 198,314,463</u>

Portions of these investments are reported as short-term investments on the statements of net position.

### *Custodial Credit Risk*

The College's investment policy does not address custodial credit risk. However, all of the investments are in the name of the College, as applicable, and the investments are held in trust accounts with each financial institution from which they wired.

### *Concentration of Credit Risk*

Certificates of deposit and commercial paper investments are limited in any given financial institution or issuer to no more than 50 percent of the capitalization value of the institution and not greater than \$16,200,000. The College's investment policy does not limit investments in Governmental instrumentality or Michigan municipal bonds.

Four buildings on campus were partially financed through the issuance of bonds by the State of Michigan Building Authority (SBA). The SBA bonds are secured by a pledge of rentals to be received from the State of Michigan pursuant to a lease agreement entered into among the SBA, the State of Michigan, and the College. During the lease term, the SBA will hold title to the buildings, the State of Michigan will make all lease payments to the SBA, and the College will be responsible for all operating and maintenance costs. At the expiration of the lease, the SBA will transfer the title of the buildings to the College. The cost and accumulated depreciation for these facilities is included in the accompanying statements of net position.

#### 4. RETIREMENT PLANS

##### *Defined Benefit Pension Plan*

The Michigan Public School Employees' Retirement System (the "System" or MPSERS) is a cost-sharing, multiple employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (the "State") originally created under Public Act 136 of 1945, re-codified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the board's authority to promulgate or amend the

## Notes to Financial Statements

provisions of the System. The board consists of twelve members - eleven appointed by the Governor and the State Superintendent of Instruction, who serves as an ex-officio member.

The System's pension plan was established by the State to provide retirement, survivor and disability benefits to public school employees. In addition, the System's health plan provides all retirees with the option of receiving health, prescription drug, dental and vision coverage under the Michigan Public School Employees' Retirement Act (1980 PA 300 as amended).

The System is administered by the Office of Retirement Services (ORS) within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State Treasurer serves as the investment officer and custodian of the System.

The System's financial statements are available at [www.michigan.gov/orsschools](http://www.michigan.gov/orsschools).

### *Pension Benefits Provided*

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit (DB) pension plan. Depending on the plan option selected, member retirement benefits are determined by the final average compensation, years of service and a pension factor ranging from 1.25% to 1.50%. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. The System also provides disability and survivor benefits to DB plan members.

A DB plan member who leaves Michigan public school employment may request a refund of his or her member contributions to the retirement system accounts if applicable. A refund cancels a former member's rights to future benefits. However, returning members who previously received a refund of their contributions may reinstate their service through repayment of the refund upon satisfaction of certain requirements.

Participants in the defined contribution plan consist of one of the following: (1) members who worked for a Michigan public school on or after September 4, 2012 and elected to be enrolled in the defined contribution plan; (2) members who elected to transfer from the defined benefit plan to the defined contribution plan under the reform (P.A. 300) of 2012; or (3) members who worked for a Michigan public school on or after February 1, 2018 and did not elect participation in the Pension Plus 2 plan. Members who worked for a Michigan public school on or after September 4, 2012 and elected to be enrolled in the defined contribution plan receive a 100% match of the member contribution rate up to a maximum of 3% based on the member's gross earnings. Additionally, there is a mandatory employer contribution of 4% of the member's gross earnings for MPSERS members who elected to convert from a Basic or MIP benefit plan to the defined contribution benefit plan. Members electing the Pension Plus or Pension Plus 2 benefit plan receive a 50% match of the member's contribution percent up to a maximum of 1% based on the member's gross earnings. Effective October 1, 2017, there is a mandatory employer contribution of 4% of the member's gross earnings for members who elect the Defined Contribution benefit plan. The employer must match 100% of the employee contribution for any member who elected the Personal Healthcare Fund up to a maximum of 2% of the member's gross earnings. For all members with a Personal Health Care Fund (PHF), the first 2% of DC contributions must go into the PHF and must be matched 100% by the employer.

Members voluntarily electing not to contribute to the DB plan are automatically enrolled in the Defined Contribution (DC) pension plan. As a DC participant they receive a 4% employer contribution into a 401(k) account and can choose to contribute up to maximum amounts permitted by the Internal Revenue Service. Employer contributions vest based on the following schedule: 50% at 2 years, 75% at 3 years, and 100% at 4 years of service. Upon retirement, if the member meets the age and service requirements they would also receive a pension which is based on years of service, final average compensation, and a 1.5% pension factor.

### *Other Postemployment Benefits Provided*

Benefit provisions of the postemployment healthcare plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions. Retirees have the option of health coverage, which, through 2012, was funded on a cash disbursement basis. Beginning fiscal year 2013, it is funded on a prefunded basis. The System has contracted to provide the comprehensive group medical, prescription drug, dental and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by the System with the balance deducted from the monthly pension of each retiree healthcare recipient. For members who first worked before July 1, 2008, (Basic, MIP-Fixed, and MIP Graded plan members) the subsidy is the maximum allowed by statute. To limit future liabilities of OPEB, members who first worked on or after July 1, 2008 (MIP-Plus plan members) have a graded premium subsidy based on career length where they accrue credit towards their insurance premiums in retirement, not to exceed the maximum allowable by statute. Public Act 300 of 2012 sets the maximum subsidy at 80% beginning January 1, 2013; 90% for those Medicare eligible and enrolled in the insurances as of that date. Dependents are eligible for healthcare coverage if they meet the dependency requirements set forth in Public Act 300 of 1980, as amended.

Public Act 300 of 2012 granted all active members of the Michigan Public School Employees Retirement System, who earned service credit in the 12 months ending September 3, 2012 or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their retirement healthcare. Any changes to a member's healthcare benefit are effective as of the member's transition date, which is defined as the first day of the pay period that begins on or after February 1, 2013.

Under Public Act 300 of 2012, members were given the choice between continuing the 3% contribution to retiree healthcare and keeping the premium subsidy benefit described above or choosing not to pay the 3% contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2% employee contribution into their 457 account as of their transition date, earning them a 2% employer match into a 401(k) account. Members who selected this option stop paying the 3% contribution to retiree healthcare as of the day before their transition date, and their prior contributions were deposited into their 401(k) account.

### *Contributions*

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of active and retired members. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

# MACOMB COMMUNITY COLLEGE

## Notes to Financial Statements

Employer contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry-age and assumed exit age. The portion of this cost allocated to the current valuation year is called the normal cost. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis. The unfunded (overfunded) actuarial accrued liability as of the September 30, 2017 valuation will be amortized over a 21-year period beginning October 1, 2017 and ending September 30, 2038.

The table below summarizes pension contribution rates in effect for fiscal year 2019:

Benefit Structure	Member Rates	Employer Rates
Basic	0.00% - 4.00%	29.21% - 30.46%
Member investment plan (MIP)	3.00% - 7.00%	29.21% - 30.46%
Pension plus	3.00% - 6.40%	27.93% - 28.67%
Pension plus 2	6.20%	31.06% - 31.80%
Defined contribution	0.00%	24.86% - 25.60%

The College's required contribution to the pension plans were \$18,300,000, \$18,986,000 and \$17,387,000, for the years ended June 30, 2019, 2018 and 2017, respectively.

The table below summarizes OPEB contribution rates in effect for fiscal year 2019:

Benefit Structure	Member Rates	Employer Rates
Premium subsidy	3.00%	7.67% - 7.93%
Personal Healthcare fund (PHF)	0.00%	7.42% - 7.57%

Required contributions to the OPEB plan from the College were \$4,621,000, \$3,369,000 and \$5,265,000 for the years ended June 30, 2019, 2018 and 2017, respectively.

The table below summarizes defined contribution rates in effect for fiscal year 2019:

Benefit Structure	Member Rates	Employer Rates
Premium subsidy	0.00% - 3.00%	0.00% - 7.00%
Personal Healthcare fund (PHF)	0.00 - 2.00%	0.00% - 2.00%

For the years ended June 30, 2019 and 2018 and 2017, required and actual contributions for the College for those members with a defined contribution benefit were \$402,381, \$472,647 and \$405,690 respectively.

### *Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At June 30, 2019 and 2018, the College reported a liability of \$210,953,866 and \$184,192,399, respectively, for its proportionate share of the MPERS net pension liability. The net pension liability was measured as of September 30, 2018 and 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation rolled forward from September 30, 2017 and 2016, respectively. The College's proportion of the net pension liability was determined by dividing each employer's statutorily required pension contributions to the system during the measurement period by the percent of pension contributions required from all applicable employers during the measurement period. At September 30, 2018, the College's proportion was .70173%, which was a decrease of -.00905% from its proportion measured as of September 30, 2017 of .71078%.

For the year ended June 30, 2019, the College recognized pension expense of \$28,363,000. The College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows (Inflows) of Resources
2019			
Differences between expected and actual experience	\$ 978,865	\$ 1,532,965	\$ (554,100)

### *Actuarial Assumptions*

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The total pension and OPEB liability in the September 30, 2017 and 2016 actuarial valuations (for the fiscal years ended June 30, 2019 and 2018, respectively) was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method	Entry age, normal
Wage Inflation Rate	2.75% (3.50% for 2016)
Investment rate of return:	
MIP and Basic plans	7.05% (7.50% for 2016)
Pension Plus plan (hybrid)	7.0%
Pension Plus 2 plan (hybrid)	6.0%
OPEB plans	7.15% (7.50% for 2016)

# MACOMB COMMUNITY COLLEGE

## Notes to Financial Statements

Projected salary increases	2.75% - 11.55%, including wage inflation at 2.75% 3.5% - 12.3%, including wage inflation at 3.5% (for 2016)
Cost-of-Living Adjustment	3.0% annual non-compounded for MIP Members
Healthcare Cost trend rate	7.5% Year 1 graded to 3.0% (3.5% for 2016) Year 12
Mortality	<p>2017 - RP-2014 Male and Female Healthy Annuitant Mortality Tables, adjusted for mortality improvements using projection scale MP-2017 from 2006. For retirees, the tables were scaled by 82% for males and 78% for females. For active members, 100% of the table rates were used for both males and females.</p> <p>2016 - RP-2000 Male and Female Combined Healthy Life Mortality Tables, adjusted for mortality improvements to 2025 using projection scale BB. This assumption was first used for the September 30, 2014 valuation of the System. For retirees, 100% of the table rates were used. For active members, 80% of the table rates were used for males and 70% of the table rates were used for females.</p>
Other OPEB Assumptions:	
Opt out assumptions	21% of eligible participants hired before July 1, 2008 and 30% of those hired after June 30, 2008 are assumed to opt out of the retiree health plan
Survivor coverage	80% of male retirees and 67% of female retirees are assumed to have coverages continuing after the retiree's death
Coverage elections at retirement	75% of male and 60% of female future retirees are assumed to elect coverage for 1 or more dependents

Assumption changes as a result of an experience study for the period 2012 through 2017 have been adopted by the System for use in the annual pension valuations beginning with the September 30, 2017 valuation. The total pension liability as of September 30, 2018 is based on the results of an actuarial valuation date of September 30, 2017 and rolled forward using generally accepted actuarial procedures, including the experience study. The recognition period for pension liabilities is 4.5304 years which is the average of the expected remaining service lives of all employees. The recognition period for OPEB liabilities is 5.6018 years which is the average of the expected remaining services lives of all employees. The recognition period for assets is 5 years.

### *Long-Term Expected Return on Pension Plan Assets*

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2018 and 2017 are summarized in the following table:

Asset Class	2018			2017

### *Long-term Expected Return on OPEB Plan Assets*

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocation as of September 30, 2018 and 2017, are summarized in the following tables:

Asset Class	2018			2017		
	Target Allocation	Long-term Expected Real Rate of Return	Expected money-weighted Rate of Return	Target Allocation	Long-term Expected Real Rate of Return	Expected money-weighted Rate of Return
Domestic equity pools	28.00%	5.70%	1.60%	28.00%	5.60%	1.56%

Investment rate of return			<u>7.15%</u>			<u>7.50%</u>

### *Discount Rate*

A discount rate of 7.05% (7.5% for 2018) was used to measure the total pension liability (7.0% for the Pension Plus plan and 6.0% for the Pension Plus 2 plan, both of which are hybrid plans provided through non-university employers only) and a discount rate of 7.15% (7.50% for 2018) was used to measure the total OPEB liability. This discount rate was based on the long term expected rate of return on pension and OPEB plan investments of 7.05% (7.50% for 2018) (7.0% for the Pension Plus plan and 6.0% for the Pension Plus 2 Plan) and 7.15% (7.50% for 2018), respectively. The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension and OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension and OPEB plan investments was applied to all periods of projected benefit payments to determine the total pension and OPEB liabilities.

## Notes to Financial Statements

### *Payable to the OPEB Plan*

At June 30, 2019 the College reported a payable of \$191,284 for the outstanding contributions to the Plan for the year ended June 30, 2019. At June 30, 2018, the College reported a payable of \$189,000 for the outstanding contributions to the Plan required for the year ended June 30, 2018.

### *Optional Defined Contribution Plan*

Professional employees of the College may elect to participate in an optional retirement program (ORP) in lieu of participating in the MPSERS plan. The ORP is a defined contribution plan affiliated with the Teachers Insurance and Annuity Association and the College Retirement Equities Fund (TIAA-CREF). Under the ORP, the College contributes 11.5 percent, and the participant contributes 3.9 percent of the participant's compensation. Total covered payroll and College contributions for the years ended June 30, 2019 and 2018 were approximately \$7,158,000 and \$823,000 and \$6,882,000 and \$791,000, respectively.

In addition to the MPSERS and ORP plans, the College also provides deferred compensation plans to all of its full-time employees under Sections 403(b) and 457(b) of the U.S. Internal Revenue Code. The College contributes varying amounts up to 7 percent of salary for certain employee groups. Employees may make elective deferrals up to amounts allowable by current tax law. In accordance with these requirements, the College contributed approximately \$1,215,000 and \$1,112,000 and the employees contributed approximately \$2,569,000 and \$2,403,000 for the years ended June 30, 2019 and 2018, respectively.

## 5. FEDERAL DIRECT LENDING PROGRAM

The College distributed \$6,816,639 and \$8,208,935 for student loans through the U.S. Department of Education federal direct lending program for the years ended June 30, 2019 and 2018, respectively. These distributions and related funding source are not included as revenues or expenses in the accompanying financial statements.

## 6. LONG TERM LIABILITIES

Long-term liability activity for the year ended June 30, 2019 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	One Year
Accrued Paid Time Off (PTO)	\$2,999,781	\$ 463,089	\$ 411,546	\$3,051,324	\$ 230,024

Long-term liability activity for the year ended June 30, 2018 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	One Year
Accrued Paid Time Off (PTO)	\$3,099,815	\$ 212,153	\$ 312,186	\$2,999,781	\$ 202,436

### 7. SELF INSURANCE

The College is partially self-insured for vision and healthcare benefits. The self-insured healthcare plan covers approximately 531 employees and their dependents. Claims are funded by the College and paid by the plan administrator; actual payments are based on claims filed. An insurance policy covers claims in excess of \$150,000 per covered employee and/or their dependent. The College pays the administrative costs of the plan.

Self-insured employee benefit liability at June 30 are as follows:

	2019	2018	2017

### 8. RISK MANAGEMENT

The College is exposed to various risks of loss related to property loss, errors and omissions, workers' compensation, as well as medical benefits provided to employees.

The College has purchased commercial insurance for medical benefit and workers' compensation claims and participates in the Michigan Community College Risk Management Authority risk pool for all other types of claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

The Michigan Community College Risk Management Authority risk pool program operates as a claims servicing pool for amounts up to member retention limits and operates as a common risk-sharing management program for losses in excess of member retention amounts. Although premiums are paid annually to the Authority, which the Authority uses to pay claims up to the retention limits, the ultimate liability for those claims remains with the College.

### 9. COMMITMENTS, CONTINGENCIES, AND CAPITAL OUTLAY

The College may be subject to various legal proceedings and claims which arise in the ordinary course of its business. The College believes that the amount, if any, of ultimate liability with respect to legal actions will be immaterial or will be covered by insurance.

The College conducts certain programs pursuant to grants and contracts funded, and subject to audit, by various federal and state agencies. Amounts questioned as a result of audits, if any, may result in refunds to these governmental agencies. Any liabilities for reimbursements which may arise as the result of these audits is not believed to be material.

The College has various renovation and capital improvement projects in process at June 30, 2019. Total future Plant Fund commitments related to these projects approximates \$29.8 million.
