

## Dual-enrollment programs allow high school students to earn college credit while still in high school. The following options are available:

**High School-Sponsored**—Open to district-approved public high school students. The school district is billed for the authorized amount of tuition and fees (book costs are covered separately by the school district). Students must pay costs above authorized payment limit.

**State-Sponsored**—Open to district-approved non-public high school students. The State of Michigan is billed for the authorized amount of tuition, fees and books. Students must pay costs above authorized payment limit.

**Self-Pay**—Open to all high school students. The student is responsible for all costs, including tuition, fees and books.

Another opportunity to earn college credit is **Early College of Macomb**, offered in partnership with the Macomb Intermediate School District (MISD). Macomb County public school students in the 10th grade may apply for this three-year program. Accepted students participate during grades 11–13 with no out-of-pocket cost for books, fees or tuition.

# DUAL ENROLLMENT

## Earn College Credit While Still in High School!

Discover. Connect. *Advance.*

## What are the benefits of dual-enrollment?

- Free college tuition when sponsored by your high school
- Start earning college credits as early as ninth grade
- Explore a college major before committing to it
- Transfer to a four-year college or university
- Be better prepared for upper-level college courses

## How do I find out more?

admissions@macomb.edu  
586.445.7999  
www.macomb.edu/admissions

## How do I get started?

- 1 Speak with a high school counselor about your dual-enrollment eligibility
- 2 Go to Macomb.edu/start and create an Admissions account
- 3 Submit your application
- 4 If sponsored by your school, have it submit a Dual Enrollment Sponsorship Form
- 5 Look for an email with your Macomb ID# and next steps
- 6 Complete New Student Orientation online
- 7 Take the Starting at Macomb session and the Placement Test
- 8 Register for your classes!

**Alex Lanni,**  
Dual-enrolled student

"I chose dual enrollment because it was a good way to get a jump start on my life after high school. My experiences have been amazing, the classes are amazing, and I am still learning about the things I actually like. I would definitely recommend dual-enrollment to other students because of how useful it is and how much easier it will be when I get out of school and truly begin the next step of my life. The opportunity for dual-enrollment not only has filled my time with bettering myself, but it has made me see that when I am done with high school, I will actually have a good place to go where I will be happy learning."

**Rochelle Zaranek,**  
Social Science professor

"Dual-enrolled students enhance my classes with their motivation to learn. Most are college-ready and they soak up the knowledge, while greatly contributing to the class discussion."
