Our promise to you...

You need a college that empowers you to grow into the best version of yourself. There’s no better place to do it than right here at Macomb Community College!

As a Macomb student:

• You’ll DISCOVER your own unique abilities and have the freedom to learn what you can do with them. Try new things on a mission of self-development and create a rewarding future that fits your goals. While doing this at Macomb, you can complete your first two years of college for one-quarter the cost of a Michigan four-year university!

• In and out of the classroom, there are meaningful opportunities to CONNECT with people who share your passions and challenge you to be your best. Our world-class instructors genuinely care about your success and take the time to make lasting relationships. A variety of clubs, organizations and events allow you to be involved in things that matter to you.

• Looking to the future, Macomb helps you ADVANCE personally and professionally with extensive support and resources available to you. If you plan to continue at a four-year school, we offer more than 225 transfer plans. Our Career Services team provides career counseling and job placement services both while you’re a student and after you graduate!

Want to learn more about all the ways Macomb will help you, including Financial Aid, free tutoring and job interview coaching? Read ahead!
One of my favorite memories is the feeling of accomplishment after finishing my first real semester at Macomb in my junior year of high school.

—Emily Miu, participated in the Early College of Macomb and intends to become a dentist
I've enjoyed my experience here at Macomb, especially my philosophy class. I've also discovered that choosing what you want to do for the rest of your life is extremely hard.

—Redi Ujka, considering a career in economics

Discover how Macomb can make a difference in your life!

Since its founding in 1954, Macomb has directly touched the lives of more than half a million students. During their time on campus—or online—they discovered many benefits of being a Macomb student that continue to make a real difference in the years to come.

- There's a degree, certificate program or transfer option for you—no matter what your goals.
- Get in the action with intercollegiate and intramural sports and recreation. Go Monarchs!
- Study online! Study abroad! Study together!

40,000 people a year come to Macomb for 40,000 good reasons.
I enjoyed my experience at Macomb and truly appreciate everything I learned. It made the transition from high school to college really easy. The class sizes are small and it’s a lot less expensive than a university.

—Madison Engstrom, nursing

---

My first year of college has been amazing! I have had very interesting classes, and I have met some great people. I really like that the classes are smaller because it makes it easier to interact with the students and teachers. My advisor has been very helpful and has put me on the right path.

—Erica Ray, marketing major
Macomb’s role in taking students to another level extends well beyond campus...

Macomb Community College is all about caring, concern and collaboration. Mutually beneficial associations develop among students, faculty and staff. The Center for Innovation & Entrepreneurship offers education and assistance to encourage new ideas and business growth in Macomb County, including an annual Pitch Competition for startup funding. Macomb’s Career Services can help you write a resume, fine-tune your interviewing skills and provide job search resources. We offer the tools to bridge education with employment.

in distance and in time.

A lot of (us) who teach at community colleges are instructors at universities as well. The courses that I teach there, I structure exactly the way I do here.

—Bradley Wakefield, philosophy instructor
We make it easy to take your first two years of college at Macomb, earn an associate degree, and transfer to another college or university to earn a bachelor’s degree (all without losing credits along the way)!

**Area of Interest**

Macomb offers nearly 200 degree and certificate programs, from Accounting to Welding and everything in between. Visit macomb.edu for more details.

- Applied Technology & Skilled Trades
- Arts/Humanities/Communication

- Engineering, Technology & Design
- Health
- Information Technology
- Public Safety
- Social & Behavioral Science
- Science & Math

**Degrees of Distinction Close to Home**

Yes, you can earn a bachelor’s, master’s and doctoral degree in Macomb County at Macomb Community College! Through partnerships with 12 colleges and universities, the **Macomb University Center** (UC) on Macomb’s Center Campus offers more than 80 programs as well as a Doctor of Osteopathic Medicine.

How it works:

- Earn an associate degree (or required credits).
- Explore the program and partner institution that you are interested in.
- Apply for admission to the UC partner institution and attend classes at the Macomb University Center.
- Graduate from the partner school.

---

*More doors are open for you when you have a degree. I chose to go back to school at Macomb because it’s close to home and I can continue on at the University Center. I can go to class right after work and be home in time to have dinner with my family.*

—Erik Skurda, business major

I tell my students the first day of class—each and every class, each and every semester—that they’ve made a very smart decision. I tell them that they’re all going to be very successful in business, because they’ve made a good business decision just by coming here to Macomb.

—Tanya Balcom, professor of business management
